Guest Speaker – Rachelle Cox

Rachelle asked our Club to help her go to outward Bound and we gave her \$1,000 as we could see her potential as a Doctor specialising in rural health.

Rachelle went to Outward Bound in December 2014 and couldn't thank the Club enough for our help. Rachelle is from Waipu and went to Bream Bay College, she has a Batchelor of Medicine and is a member of "Grassroots", which is a Rural Health Club.

Rachelle went through a gambit of emotions and feelings while at Outward Bound and summarized them from perseverance, fitness, reflection, values of company and confidence building. She has made friends for life.

Rachelle found Outward Bound to be a very worthwhile course to attend and would love to see everyone attend.

One of her passions is rural health, and has spent time on a Mobile Surgical Bus which travels around NZ. The Bus attends to about 8 patients per day who would normally not get the surgery they needed.

Rachelle once again thank the club for our help. Members kept asking questions and were keen for Rachelle to reveal her story.

Thanks was in the hands of Roger who was impressed with Rachelle and felt that the Club had spent their money wisely and she would be someone to watch in the future.

Parting thought from Roger

“Great thoughts, discoveries and inventions have generally been nurtured in hardship, often pondered over in sorrow and established with difficulty.”
